

# SHORE A.C.

## Adult XC Series Scoring

1. Points are assigned for each race based on finish place by sex.
2. The top 80 male and top 80 female finishers are assigned points for each race of the series in which they compete.
3. The first finisher in each sex receives 100 points, with 2<sup>nd</sup> receiving 94, 3<sup>rd</sup> receiving 88, and so on; progressively fewer points are assigned for each subsequent place finish through 80<sup>th</sup> place.
4. Finishing 81 or lower in a given race, or not competing in/finishing a race results in no points assigned for that race.
5. Points per race are tallied by athlete across the season and are used to rank all athletes by sex (i.e. Open Category)
6. Additional ranking will be provided for the following Masters age categories, by sex: 40-49, 50-59, 60-69, and 70+
7. Interim results will be distributed shortly after the race results are finalized; expect them to be released within 1-2 days of the race.
8. Final results will be distributed at the end of the season, within 1-2 days of the final race.

Should you have any questions or identify an issue with the scoring/rankings, please reach out to Rafael Rivera ([riverr02@mac.com](mailto:riverr02@mac.com)).
